KEY FEATURES

MADE FOR YOU

The first thing you notice when you ride a Lite Edition is how comfortable you feel. You'll swear it was made just for you – because it was! The most important part of any Pedego is the person riding it, and the Lite Edition is built with only one thing in mind: **YOU**.

USER-FRIENDLY

The Lite Edition is fully loaded with user-friendly features that make riding even more fun. From the simple pleasure of a built-in bell, to innovative Smart Bike Technology including a bluetooth connected smartphone app; we've thought of everything!

BREATHTAKING PERFORMANCE

- A whisper quiet, 500 watt motor delivers best in class acceleration and hill climbing. The sensation of power it gives you is exhilarating.
- A state-of-the-art 36 Volt battery uses the same advanced lithium-ion cells as an electric car. It weighs less than a housecat and can take you up to 45 miles on about 10 cents worth of electricity.
