PEDEGO
ELECTRIC BIKES

KEY FEATURES

400 POUND CAPACITY

The Stretch comes standard with useful cargo accessories to carry loads of all shapes and sizes. You can easily carry kids and grown-ups with optional accessories.

MADE FOR YOU

The first thing you notice when you ride a Stretch is how comfortable you feel. You'll swear it was made just for you – because it was! The most important part of any Pedego is the person riding it, and the Stretch is built with only one thing in mind: YOU.

BREATHTAKING PERFORMANCE

- A whisper quiet, 500 watt motor delivers best in class acceleration and hill climbing. The sensation of power it gives you is exhilarating.
- A state-of-the-art 48 Volt battery uses the same advanced lithium-ion cells as an electric car. It weighs less than a housecat and can take you up to 56 miles on about 10 cents worth of electricity.

ELECTRIC BIKES

SMALL DETAILS MAKE A BIG DIFFERENCE

1. Adjustable Racks

Side racks and back rack can be moved to accommodate cargo of all shapes and sizes.

2. Frame-Mounted Rack

The front rack is attached directly to the frame so it doesn't move with the handlebars.

3. Pannier Rails

Special rails hold most standard pannier bags.

4. Bright Lights

Built-in front and rear lights for your safety and convenience.

5. PedalSense®

Twist-and-go throttle, 5 levels of pedal assist, and LCD display with USB charger.

6. Adjustable Handlebars

Quick-release handlebar stem allows you to find a perfect fit.
