The Pedego Patroller Edition enables police, security, EMS and fire personnel to cover more ground and increase their response times while reducing operator fatigue. Pedego is offering Patrollers demonstration bikes for one-week “no obligation” trials to police departments, cities, municipalities and security/safety agencies. Pedego’s national “Sole Source Provider” program helps expedite the purchasing process through its 100+ Pedego store owners who act as authorized selling agents.

## Features and Benefits

As compared to standard bicycle units, Pedego Patroller electric bikes help first responders navigate the steepest of hills and cross 10 times the distances on virtually any type of terrain to arrive on-scene with the strength and energy needed to serve their communities.

- Pedego's tough Ridge Rider frame with bold “POLICE” lettering
- Twist-and-go throttle that delivers powerful acceleration on demand
- Five-level automatic Pedal Assist System with smart torque sensor technology that enables riders to easily control their assistance levels while keeping their eyes on their surroundings
- Powerful 500-watt geared motor that powers riders up to 20 MPH and zooms up steep hills and breezes through headwinds
- Responsive 20-speed drivetrain that helps riders maintain complete control
- Powerful battery that delivers up to 60 miles in distance on a single charge
- Hydraulic disc brakes for ultimate stopping power
- Knobby tires and front suspension to conquer off-road curves and bumps
- Flashing lights and sirens for added effectiveness in the field
- Custom rear rack bag marked “POLICE” to carry supplies
